

Creating Your AgPloyee Account

Step 1:
Open the
Create Job
Seeker
Account
wizard.

A screenshot of the 'Create my Profile' form on the AgPloyment.com website. The form is titled 'Create my Profile' and includes the following elements: a 'SIGN IN WITH LINKEDIN' button, an email address field containing 'info@agployment.com', a first name field containing 'John' and a last name field containing 'Doe', two password fields, a 'User Acknowledgement' section with a radio button selected for 'I have read and agree to the Privacy Policy and Terms & Conditions', and a green 'CREATE MY PROFILE' button. At the bottom of the form, there is a link for 'Already have an Account? Log In' and a small note: 'By registering you agree to our Privacy Policy and Terms & Conditions.' The footer of the page contains copyright information: 'Copyright © AgPloyment.com, LLC 2016-2017' and navigation links: 'Jobs - AgPloyees - AgPloyers - Company - More - Help - Post a Job - Privacy Policy - Terms & Conditions'.

Step 2: Fill out the
information.

We do not recommend signing in with LinkedIn to create an AgPloyee account, but it is available for your use.

Enter your email address, first and last name, and then create a secure password to use when accessing your account.

You must read the Privacy Policy and Terms & Conditions to continue (no, we don't like doing that either!).

Step 3: Move on to completing your profile!
